

WORKSHOP: READING THE TAROT

Whether you're new to the tarot, or looking to improve your ability to read the cards, this fun and informative workshop could be just what you're after!

This journey of discovery begins with understanding the symbolism of the cards and will involve engaging, practical exercises. In the final session we will look at the imaginative element of relating one card with another and incorporating your intuition to deliver readings. Ginny has been a reader for over 20 years and brings a depth of wisdom, experience and her lively personality.

TAROT LETS ME FLY,
